We, Richter Inc., the trustee acting in the proposal of Mobi724 Global Solutions Inc. ("**Debtor**" or the "**Company**"), hereby report to the Court as follows:

1. That on the 22nd day of April 2025, the Company sought protection under the *Bankruptcy and Insolvency Act*, by filing a Notice of Intention to Make a Proposal with Richter Inc.

2. That, in its capacity as Proposal Trustee, Richter Inc. implemented a formal sale and investment solicitation process, as more particularly described in the Fourth Report of the Proposal Trustee, dated the 18th day of July 2025, annexed hereto as **Exhibit "A"**. (Section 59(1) and paragraph 58(d) of the Act)

24. That a meeting of the Inspectors was convened on the 8th day of July 2026 to consider the Debtor's request and discuss the appropriate course of action. Following discussion, the Inspectors determined that no further extensions should be granted and instructed the Trustee to take the necessary steps to place the Company into bankruptcy as a result of the Debtor's defaults under the Proposal.

25. That on the 10th day of July 2026, we advised the Debtor that the Inspectors were unwilling to grant any further extensions and had authorized to take the necessary steps to place the Company into bankruptcy. During this exchange, the Debtor renewed its request for an extension and outlined a number of conditions and commitments it would undertake to satisfy should additional time be granted.

26. That on the 14th day of July 2026, we sent an email to the Debtor setting out the conditions that would need to be satisfied before we would approach the Inspectors to seek a further extension. The Debtor failed to respond to our email. As a result, we proceeded to contact the Official Receiver to discuss the appropriate steps required to place the Company into bankruptcy.

27. That, while we were determining the steps necessary to place the Company into bankruptcy, we received an email from the Debtor on the 24th day of July 2026 enclosing an executed term sheet providing for financing of $1 million USD from Teknika AAC Solutions LLP ("**Proposed Lender**"), no later than the 18th day of August 2026, attached as **Exhibit "I"**. We promptly advised the Inspectors of this development, and the Inspectors agreed to provide a further extension until that date to allow the proposed financing to be completed. The Inspectors further directed that, should the financing not be received by the 18th day of August 2026, we were to resume and continue our efforts to place the Company into bankruptcy.

28. That we maintained regular communication with the Debtor regarding the status of the Proposal and, on the 19th day of August 2026, the Debtor advised that the final financing documents had been circulated for execution and that funding was expected to be received in the coming days.

29. That on the 25th day of August 2026, the Debtor provided us with an executed promissory note relating to the refinancing, marked as **Exhibit "J"**. Further, on the 27th day of August 2026, the Proposed Lender confirmed by email (refer to **Exhibit "K"**) that all financing documentation had been fully executed and that the transfer of funds was expected to be completed within 7 to 10 days.

30. That on the 27th day of August 2026, we circulated an update to the Inspectors outlining the status of the proposed refinancing and the latest developments concerning the anticipated receipt of funding.

31. That on the 10th day of September 2026 the Trustee was contacted by one of the lenders of 9538 ("**DIP Lender**"), who advised that the DIP Lender was in default of its obligations and that repayment of the outstanding indebtedness was being demanded.

32. That on the 11th day of September 2026, the Proposed Lender advised that there had been delays in its ability to provide the necessary funds to complete the financing within the anticipated timeframe. The Proposed Lender further indicated that it would continue to provide updates as matters progressed. Refer to **Exhibit "L"** for a copy of the email correspondence. As of the date hereof, we have received no further updates.

33. That, at the Debtor's request, the Trustee met with the Debtor once again on the 23rd day of September 2026. At that meeting, the Debtor requested a final delay of 10 days to raise sufficient funds to pay the outstanding professional fees relating to the Re-amended Proposal and ensuing work thereafter, as a result of the Debtor's numerous defaults.

34. That the Trustee advised the Debtor that it was preparing a report to the Court recommending that the Re-Amended Proposal not be approved, and that the report would take approximately 10 days to prepare. The Trustee further advised that, if the funds were raised prior to the filing of its report, it would revert back to the Inspectors for further instructions.

35. That more than 10 days have elapsed since the aforesaid meeting, no funds have been provided by or on behalf of the Debtor, and the Debtor remains in default under the terms of its Re-amended Proposal.

36. That we are of the opinion that the terms of the Debtor's Re-Amended Proposal are not reasonable and that, accordingly, the Court should refuse to approve it for the following reasons:

    - The Debtor has failed to remit its post-filing deductions at source, which, according to the Debtor, amount to approximately $257,000, before the application of any potential offset for tax credits;
    - The Debtor has failed to pay outstanding post-filing professional fees, which amount to approximately $230,000 prior to sales taxes:
    - The Debtor appears to be unable to comply with the terms of the Re-Amended Proposal, in particular with respect to:
        - Not having the funds to pay the outstanding pre-filing Crown Claims (deductions at source); and
        - Not having sufficient funds to make the July Payment as required in the Re-Amended Proposal.

37. The Inspectors, who represent the interests of the creditors, have advised that due to the various defaults noted herein, they do not support the Re-Amended Proposal.

38. That we forwarded a copy of this report to the Official Receiver on this day.

INTRODUCTION

1. On April 22, 2025, the Company sought protection under the BIA by filing a NOI with the Proposal Trustee. A copy of the Certificate of Filing issued by the Superintendent of Bankruptcy was annexed as Exhibit A of the First Report of the Proposal Trustee (the "**First Report**").

2. On April 25, 2025, the Company filed a motion entitled *Application for an Order (1) Approving Interim Financing and Interim Financing Charge, and (2) Approving an Administration Charge* (the "**Financing and Charge Motion**") and on May 1, 2025, the Financing and Charge Motion was granted by the Court.

3. On May 16, 2025, the Debtor filed a motion entitled *Debtor's First Application for Extension of Delay to File Proposal* (the "**Stay Extension Motion**") and on May 22, 2025, the Court granted the Stay Extension Motion, extending the delay to file a proposal to July 7, 2025.

4. On July 3, 2025, the Debtor filed a motion entitled *Debtor's Second Application for Extension of Delay to File Proposal* (the "**Second Stay Extension Motion**"), and on July 22, 2025, the Court granted the Second Stay Extension Motion, extending the delay to file a proposal to August 21, 2025.

5. On July 18, 2025, the Debtor filed a motion entitled *Application for the Issuance of a Sale Approval and Vesting Order* (the "**Sale Approval and Vesting Order Motion**"), seeking the Court approval of a sale transaction between the Company and 9538-5613 Quebec Inc. (the "**Purchaser**").

6. In order to monitor the affairs and finances of the Debtor, the Proposal Trustee has been provided with access to certain books, records and other important documents of the Debtor.

PURPOSE OF THIS REPORT

7. The purpose of this fourth report of the Proposal Trustee (the "**Fourth Report**") is to provide this Court with information pertaining to:

   (i) Activities of the Proposal Trustee since the issuance of its third report (the "**Third Report**"), dated July 3, 2025;

   (ii) Post-filing operations and cash flow projections;

   (iii) The sale and investment solicitation process (the "**SISP**") and the proposed transaction; and

   (iv) The Proposal Trustee's recommendation.

TERMS OF REFERENCE

8. Unless otherwise noted, all monetary amounts contained in this Fourth Report are expressed in Canadian dollars.

9. In preparing this Fourth Report, the Proposal Trustee has relied upon certain unaudited financial information prepared by the Debtor's representatives, the Debtor's books and records, and discussions with the Debtor's representatives and legal counsel (the "**Information**").

10. Except as otherwise described in this Fourth Report, the Proposal Trustee has not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Generally Accepted Assurance Standards ("**GAAS**") pursuant to the Chartered Professional Accountant of Canada Handbook and, as such, the Proposal Trustee expresses no opinion or other form of assurance contemplated under GAAS in respect of the Information. The Information has been provided by the management of the Company and only the Company is responsible for the accuracy of such Information.

11. Future oriented financial information relied upon in this Fourth Report is based on the Debtor's representatives' assumptions regarding future events; actual results achieved may vary from the Information presented even if the hypothetical assumptions occur and these variations may be material. Accordingly, the Proposal Trustee expresses no assurance as to whether projections will be achieved.

ACTIVITIES OF THE PROPOSAL TRUSTEE

12. Since the issuance of the Third Report, the Proposal Trustee has, *inter alia*:

    (i) Monitored the disbursements and the Company's current operations;

    (ii) Reviewed weekly variances between the actual cash flow results and the projections;

    (iii) Assisted the Company with the NOI process and planning for next steps; and

    (iv) Prepared this Fourth Report.

POST-FILING OPERATIONS AND CASH FLOW PROJECTIONS

13. The Company is a fintech corporation which has developed a sophisticated platform that conducts data analysis and transaction processing for existing networks, card issuers and payment systems. We refer to the First Report and the Financing and Charge Motion for further details.

14. Subsequent to the filing of the NOI, the Company has continued its operations in the ordinary course.

15. We refer to **Exhibit "A"** which reflects the reported results of the Debtor's cash versus the projections, for the period June 21, 2025 to July 11, 2025 (the "**Period**"). Overall, the net cash flow for the Period is slightly better than projected, due mainly to favorable timing differences.

SALE AND INVESTMENT SOLICIATION PROCESS ("SISP") AND THE PROPOSED TRANSACTION

16. As noted in the First Report, the primary objective of the restructuring was to provide time to focus on a sale of the Company on a going concern basis through the implementation of a SISP. The Company engaged the Proposal Trustee to initiate the SISP.

17. On May 14, 2025, the Proposal Trustee implemented a formal SISP. The results of the SISP are detailed in the Third Report. The table below is a summary of the SISP milestones and results, as well as certain terms included in the Asset Purchase Agreement ("**APA**") (included as Exhibit R-6 of the Sale Approval and Vesting Order Motion).

Milestone / Date	Outcome / Comments
1. Teaser Document On May 14, 2025, approximately 90 entities, both strategic and private equity companies, were sent a Teaser Document.	Three interested parties executed an NDA and were granted access to a virtual data room ("**VDR**"), which included relevant information to assess the business opportunity.
2. Bid Deadline Bid Deadline to submit offers was originally set for June 4, 2025.	N/A
3. Stalking Horse Bid On May 30, 2025, 9538-5613 Québec Inc., a related party, the interim financing lender ("**Interim Lender**") and a corporation controlled by Marcel Vienneau, the CEO of the Company, submitted a stalking horse bid to purchase the assets and assume various liabilities of the Company.	The stalking horse bid as well as the bidding procedures reflected in the SISP rules were included in the VDR.
4. Extension of the Bid Deadline The bid deadline was extended to June 9, 2025, to permit the interested parties additional time to assess the stalking horse bid.	N/A
5. Due Diligence Period One of the interested parties conducted an extensive due diligence and submitted numerous requests for additional information, including interviews with certain employees.	With the assistance of the Company, the Trustee responded to the majority of the requests as promptly as possible. The interested party requested an extension to submit its bid. The Trustee permitted this request and extended the bid deadline to June 18, 2025.
6. Final Bid Deadline Extension Deadline to submit offers was extended to June 18, 2025.	No offers were received.
7. Sale Approval and Vesting Order Motion Motion filed in Court on July 18, 2025.	To be heard in Court on July 23, 2025.
8. Closing Two (2) business days after both the conditions benefiting the Purchaser and those benefiting the Vendor have been satisfied.	When the conditions of closing have been satisfied and / or waived by the Vendor and the Purchaser, the Trustee shall issue its Trustee's Certificate to the Vendor and the Purchaser at which time the closing will be deemed to have occurred.

18. As detailed in the Third Report, the stalking horse bid provides for the purchase of the Company's assets on a free and clear basis with the intention of the Purchaser to carry on and continue the business as a going concern (the "**Proposed Transaction**"). Subject to the precise terms of the APA, certain key elements of the Proposed Transaction are as follows:

    (i) The Purchaser is purchasing the tangible and intangible assets of the Company, including but not limited to the following ("**Purchased Assets**"):

    - All claims and accounts receivable;
    - The corporate name of Mobi724 and all other intellectual property;
    - The shares of the Company's subsidiary Mobi724 Smart Transactions Inc.; and
    - All the right, title and interest of the Company's customer contracts.

    (ii) The Purchaser has excluded certain assets from the transaction as more fully set out in the Sale Approval and Vesting Order Motion.

    (iii) The Purchaser would assume the employment of all current and active employees of the Company, and assume all wage and vacation arrears.

    (iv) The sale of the Purchased Assets is subject to court approval, including the issuance of a vesting order as well as the approval of the secured lenders, BDC Capital Inc ("**BDC**") and Investissement Québec ("**IQ**"), who hold security over the Purchased Assets.

Purchase Price

19. As indicated in the stalking horse bid, the estimated purchase price for the assets is $1,626,938 to be paid through the assumption of certain liabilities, summarized below:

    - Interim financing: $905,707
    - Critical supplier: $374,324
    - Revenu Québec & Revenue Canada super priority: $346,907

20. With respect to the assumption of the liabilities we understand the following:

    (i) The amount owing to the Interim Lender will be reimbursed in full and paid out as part of the Proposed Transaction.

    (ii) The Purchaser will be assuming the debt of the critical supplier, Sherweb Inc., the host of the trading platform used by the Debtor.

    (iii) BDC has agreed to file an out-of-court settlement in connection with BDC's proceedings against the Debtor and to provide a full release and discharge of its security upon receipt of a $150,000 payment, to be made no later than 90 days after the Court grants the Sale Approval and Vesting Order Motion.

(iv) IQ has agreed to provide a full release and discharge of its security upon receipt of a $50,000 payment to be made no later than 90 days after the Court grants the Sale Approval and Vesting Order Motion.

(v) The Purchaser is in discussions with Revenu Québec and Revenue Canada regarding the super priority claim.

RECOMMENDATION

21. The Proposal Trustee is of the opinion that the Transaction meets the criteria set out in Section 65.13(4) of the BIA, as further detailed below:

65.13 (4) & 65.13 (5)	**Comments**
1. Whether the process leading to the proposed sale or disposition was reasonable in the circumstances.	The SISP was a fair, transparent and competitive process and measures were undertaken by the Trustee to ensure that all interested parties had an equal opportunity in submitting a bid. Accordingly, the SISP was reasonable in the circumstances.
2. Whether the trustee approved the process leading to the proposed sale or disposition.	The Trustee implemented and conducted the SISP.
3. Whether the trustee filed with the court a report stating that, in their opinion, the sale or disposition would be more beneficial to the creditors than a sale or disposition under a bankruptcy.	The Trustee is of the opinion that the Proposed Transaction would be more beneficial to the creditors than a sale or disposition under a bankruptcy, which would in all likelihood result in no recovery for the creditors.
4. The extent to which the creditors were consulted.	The Debtor's secured creditors, BDC and IQ, were consulted in connection with the SISP and the Proposed Transaction and have provided their consent to the transaction, conditional upon the fulfillment of the agreed settlement terms related to the outstanding debt.
5. The effects of the proposed sale or disposition on the creditors and other interested parties.	The Proposed Transaction includes the assumption of certain liabilities and will allow the business to continue as a going concern, thereby conserving jobs, maintain key trade relationships and ensure ongoing service to existing customers.
6. Whether the consideration to be received for the assets is reasonable and fair, taking into account their market value.	The consideration to be received for the Purchased Assets / business is reasonable and fair, taking into account its market value and that no other offers were received.
7. Good faith efforts were made to sell or otherwise dispose of the assets to persons who are not related to the insolvent person.	The Trustee identified and sent a Teaser to approximately 90 entities in an effort to sell the assets. Good faith efforts were made through the SISP to sell or otherwise dispose of the assets to persons who are not related to the Debtor.

65.13 (4) & 65.13 (5)	Comments
8. The consideration to be received is superior to the consideration that would be received under any other offer made in accordance with the process leading to the proposed sale or disposition.	As no other offers were received, the consideration provided through the assumption of liabilities constitutes the superior offer under the SISP.

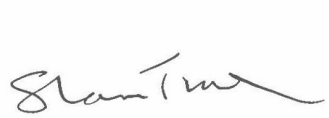

22. In light of the foregoing, the Trustee is of the view that the Proposed Transaction represents a preferable outcome compared to the likely alternative of a bankruptcy and liquidation. Accordingly, the Trustee respectfully recommends the Court grant the Approval and Vesting Order Motion.

Respectfully submitted at Montreal, this 18th day of July 2025.

Minutes of the Second Meeting of Creditors held by virtue of section 102(1) of the *Bankruptcy and Insolvency Act*

On:	December 11, 2025 at 11:00 a.m.
At:	Videoconference with Microsoft Teams
Chaired by:	Andrew Adessky, CPA, CIRP, LIT

ATTENDANCE

The attendance was recorded as per the attached attendance list (the "**Attendees**").

The Chairperson informed the Attendees that he will be chairing the Meeting (the "**Chairperson**").

QUORUM

The Chairperson confirmed to the Attendees that there is Quorum and declared that the meeting is duly constituted.

The Chairperson called the meeting to order at approximately 11:00 a.m.

Background and Purpose of the Meeting

The Chairperson reminded the Attendees that, at the meeting held on November 11, 2025, a recommendation had been made to adjourn the meeting of creditors. The purpose of the adjournment was to allow the Company additional time to reconcile the tax amounts claimed by the tax authorities, which must be verified and finalized for the proposal.

In addition, two of the secured creditors had requested a delay, as they were awaiting the occurrence of certain actions relevant to their positions.

Status Update

The Chairperson advised the Attendees that the Company has not yet finalized its reconciliation with Revenu Québec and the Canada Revenue Agency. Discussions with the tax authorities regarding the claim amounts remain ongoing.

1. **Discussion and Proposed Adjournment**

   The matter before the meeting was the request to adjourn the meeting of creditors to provide the Company sufficient time to:

- Finalize its reconciliation and confirm tax amounts owing to the relevant tax authorities, which must be accurately reflected in the proposal; and
- Continue discussions regarding the proposal terms and the financing of the company funding the proposal.

It was proposed that the meeting be adjourned to **February 26, 2026, at 11:00 a.m.**, to allow for the continuation and completion of these discussions, including ongoing discussions with Mobi724 Global Solutions Inc. regarding the proposal terms. The Chairperson advised that confirmations have been received from Revenu Québec, Investissement Québec, and the Business Development Bank of Canada indicating their agreement to an adjournment.

QUESTION PERIOD

The Chairperson inquired whether the creditors present had any comments or questions.

Me Geneviève Cloutier, of Gowling WLG, asked whether the parties were confident that the outstanding issues, particularly with the tax authorities, would be resolved by February 26, 2026, or whether a further delay might be required. The Chairperson explained that discussions with the tax authorities were progressing and that the required information was expected to be available by the end of February. While a short additional extension might be possible, the proposed adjournment was considered a reasonable time frame. With respect to financing, it was noted that timelines are inherently uncertain, but the adjournment would allow for greater clarity before proceeding.

Mr. Raoul Gnikpo from Revenu Québec asked for the number of creditors that have filed proven claims and the total votes. The Chairperson confirmed that, as of the start of the meeting, approximately $14 million in unsecured claims, approximately $50,000 in secured claims, and approximately $67,000 in preferred claims have been filed. Based on the votes received to date, the proposal would meet the required statutory majority if voted upon at that time.

Mr. Shamwil Ahmed asked about the benefits of the proposal for former employees, particularly in light of potential eligibility for the *Wage Earner Protection Program* ("**WEPP**"). It was explained that eligibility for WEPP is determined by Service Canada and depends on individual circumstances. While the proposal provides a modest dividend to unsecured creditors, some former employees may receive greater recovery in a bankruptcy scenario, whereas current employees benefit from the continuation of employment. The outcome therefore varies depending on individual circumstances.

Ms. Hélène Constant from CNESST asked to clarify paragraph 38(c) of the Trustee's Report with respect to the amended proposal. Ms. Constant wanted to confirm that the employees will continue their employment with the purchaser, namely the numbered company 9538-5613 Québec Inc., which is owned by Mr. Vienneau. The Chairperson responded to his knowledge, that not all employees would continue to be employed by the purchaser, it was understood that the employees who are currently working, will continue to work for the purchaser. There were other employees who were terminated before the start of the proceedings. Ms. Constant wanted to advise the employees that are currently working to proceed with opening a file with the CNESST.

Questions were also raised regarding whether the amended proposal would be further amended. It was clarified that the Company may amend the proposal to potentially include proceeds from contemplated litigation against its former auditors, which could enhance the recovery for creditors. Additionally, it was noted that Canada Revenue Agency may require a further amendment to clarify the treatment of source deductions (DAS). Any such amendments would be addressed in due course. A formal vote would be held once the proposal is finalized.

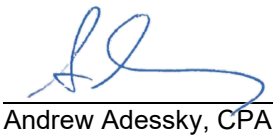

Mr. Guido Vitale asked whether creditors would be required to vote again if amendments were made to improve the proposal. It was explained that if the meeting were adjourned, a formal vote would be held at the reconvened meeting, allowing all creditors an opportunity to vote on the final proposal.

Veronique Pagé from CRA advised that a proof of claim was filed in regards to section 60(1.1) and that the amount on the proposal must be the same amount as the proof of claim and that the Company cannot take into account any potential credits that may be filed by the Company.

The Chairperson then asked whether there were any objections to the proposed adjournment. No objections were raised. Accordingly, the adjournment was deemed approved by the creditors present, and it was confirmed that a notice would be issued to convene the next meeting on February 26, 2026, at 11:00 a.m.

Raoul Gnikpo of Revenu Québec indicated that this adjournment was granted as a final extension. He stated that the necessary steps must be taken to obtain a clear interpretation regarding the section 60(1.1) payment, as previously referenced by the Canada Revenue Agency. This requirement is the reason the extension was granted. If this is not completed by February 26th, Revenu Québec will take the necessary measures, even if the proposal has been accepted.

The Chairperson inquired whether anyone present had any further questions or other matters of business to discuss. The Chairperson also asked if any of the creditors present objected to the adjournment of the meeting. There being no further questions or other matters to attend to, the meeting was adjourned by the Chairperson at approximately 11:25 a.m.

1. Principal and Interest. FOR VALUE RECEIVED, the undersigned, 9538-5613 QUÉBEC INC., a legal person duly constituted under the Business Corporations Act (Québec), having its principal place of business situated at [ADDRESS OF BORROWER], Montréal, Québec, Canada (the "Borrower"), hereby unconditionally promises to pay to, or to the order of, TEKNIKA AAC SOLUTIONS LLP, a limited liability partnership registered in England and Wales under number [REGISTRATION NO.], having its principal place of business situated at 27 Old Gloucester Street, London, WC1N 3AX, United Kingdom (the "Lender"):

(a) the aggregate principal sum of ONE MILLION UNITED STATES DOLLARS (USD $1,000,000.00), or such lesser amount as has actually been advanced by the Lender to the Borrower and remains outstanding from time to time (the "Principal"); and

(b) Interest on the Principal, calculated and payable as set out in Section 3,

the whole in accordance with, and subject to, the terms and conditions set out below. This Note is secured by a second-ranking security granted by the Borrower over the Charged IP, as provided in Section 9. This Note is not convertible into, and confers no right to acquire, any share or other security of the Borrower.

2. Advances. The Lender irrevocably and unconditionally commits to advance the Principal to the Borrower in two (2) tranches, as follows:

(a) Tranche 1 — SEVEN HUNDRED THOUSAND UNITED STATES DOLLARS (USD $700,000.00), to be advanced no later than five (5) Business Days following the date of execution of this Note by both parties. The date on which Tranche 1 is actually received by the Borrower in immediately available funds is the "First Advance Date"; and

(b) Tranche 2 — THREE HUNDRED THOUSAND UNITED STATES DOLLARS (USD $300,000.00), to be advanced no later than ninety (90) days following the First Advance Date.

Each advance shall be made in United States dollars in immediately available funds to the account designated in Section 5, without set-off, deduction, discount, fee, commission or charge of any nature (including, without limitation, any fee, commission, charge or disbursement of the Paymaster), original issue discount, retention or holdback of any nature whatsoever, such that the Borrower receives the full face amount of each tranche.

Each advance shall be transmitted through the Paymaster in accordance with Section 5. Notwithstanding any payment, transfer or delivery of funds by the Lender to or for the account of the Paymaster, no advance shall be deemed to have been made, no Principal shall be deemed to be outstanding, and no Interest shall begin to accrue, until the relevant amount has actually been received by the Borrower in immediately available funds in the Borrower's own account. All risk of loss, delay, misapplication, freezing, seizure or non-remittance of funds while held by, or in transit through, the Paymaster is borne solely by the Lender.

The Lender's obligation to advance Tranche 2 is subject only to the following conditions: (i) no Event of Default shall have occurred and be continuing on the scheduled advance date; and (ii) the representations and warranties of the Borrower set out in Section 4 shall be true and correct in all material respects on the

DS Initial

Docusign Envelope ID: D14E7AD2-E301-87A1-807A-3A7D6868AF55

scheduled advance date. For greater certainty, the Lender's funding obligations under this Section 2 are not subject to any material adverse change, market condition, due diligence, financing, approval or discretionary condition of any kind.

Failure by the Lender to advance either tranche on the date required shall, at the option of the Borrower exercised by written notice, (x) entitle the Borrower to terminate the Lender's remaining commitment without prejudice to any other remedy, and (y) reduce the Principal to the amount actually advanced.

3. **Interest — Fixed Rate.** Interest shall accrue on each tranche of the Principal from and including the date on which such tranche is actually received by the Borrower, on the unpaid portion of the Principal outstanding from time to time, at the fixed, simple, non-compounding rate of TWELVE PERCENT (12%) per annum, calculated on the basis of the actual number of days elapsed divided by 365 (or 366 in a leap year), as well after as before the Maturity Date and both before and after default and judgment (the "Interest").

Interest shall not be compounded and shall not be capitalized. All accrued and unpaid Interest shall be payable in full, in cash, in United States dollars, on the Maturity Date and not before. For the purposes of the Interest Act (Canada), the annual rate of interest to which the rate stipulated herein is equivalent is 12% per annum. Nothing in this Note shall require the Borrower to pay interest at a rate exceeding the maximum rate permitted by section 347 of the Criminal Code (Canada), and any excess shall be credited to the Principal or refunded.

4. **Representations and Warranties of the Borrower.** The Borrower represents and warrants to the Lender, as at the date of this Note and as at each advance date, that: (a) it is duly constituted and validly existing under the laws of Québec and has the corporate power and authority to execute, deliver and perform this Note; (b) the execution, delivery and performance of this Note have been duly authorized by all necessary corporate action and this Note constitutes a legal, valid and binding obligation of the Borrower enforceable in accordance with its terms; (c) such execution, delivery and performance do not conflict with its constating documents or any material agreement or judgment binding on it; (d) there is no litigation pending or, to its knowledge, threatened against it that would reasonably be expected to have a material adverse effect on its ability to perform this Note; and (e) it is the sole legal and beneficial owner of the Charged IP, free and clear of all hypothecs, security interests, charges and encumbrances other than the Senior Security.

5. **Disbursement Instructions and Paymaster.** "Paymaster" means GROTH LAW FIRM, LTD., of Brooklyn Park, Minnesota 55443, United States of America, acting through its account maintained with JPMorgan Chase Bank, N.A., retained and remunerated by the Lender to act as paymaster in connection with the advances contemplated by this Note. The Borrower is not a party to, and assumes no obligation, liability or cost under, any engagement letter, retainer or paymaster agreement between the Lender and the Paymaster. All fees, costs, commissions and expenses of the Paymaster are for the sole account of the Lender. Each advance of the Principal shall be wired to the following account, or to such other account as the Borrower may designate in writing not less than two (2) Business Days before the relevant advance date:

The Borrower shall have no obligation to enter into any agreement with the Paymaster, to provide the Paymaster with any documentation other than customary identification of the Borrower for anti-money-laundering purposes, or to pay the Paymaster any amount whatsoever. All repayments by the Borrower under this Note shall be made directly to the Lender and not to or through the Paymaster, unless the Lender directs otherwise in writing pursuant to Section 19, in which case payment made in accordance with such direction shall discharge the Borrower to the extent of the amount so paid.

6. Repayment and Maturity Date. Subject to the terms hereof, the Principal, together with all accrued and unpaid Interest thereon, shall become due and shall be paid in full, in cash, in United States dollars, on the earliest to occur of the following (the "Maturity Date"):

(a) the date that is twelve (12) months after the First Advance Date;

(b) the closing date of a Qualified Financing;

(c) the closing date of a Change of Control; and

(d) the date on which the Principal becomes due and payable by acceleration pursuant to Section 11.

"Qualified Financing" means the closing by the Borrower (or by any subsidiary of the Borrower, or by any parent or affiliate of the Borrower where the proceeds are made available to the Borrower) of any one financing transaction, or any series of related financing transactions, whether by way of debt (including, without limitation, the SBL Facility, any senior or asset-based credit facility, any term loan or any bond or note issuance), equity, convertible or hybrid securities, royalty or revenue-based financing, or any combination thereof, yielding aggregate gross proceeds of not less than USD $1,000,000 [THRESHOLD TO CONFIRM].

"SBL Facility" means [DESCRIBE PRECISELY — e.g. the senior business loan / standby letter of credit facility currently being negotiated by the Borrower with [LENDER NAME]].

"Change of Control" means (i) the acquisition by any person or group acting jointly or in concert of beneficial ownership, directly or indirectly, of more than fifty percent (50%) of the voting securities of the Borrower; (ii) any merger, amalgamation, arrangement or consolidation involving the Borrower in which the holders of the Borrower's outstanding voting securities immediately prior to such transaction hold less than fifty percent (50%) of the voting securities of the surviving or resulting entity; or (iii) the sale, lease, transfer or other disposition of all or substantially all of the assets of the Borrower in one transaction or a series of related transactions.

The Borrower shall give the Lender not less than five (5) Business Days' prior written notice of the anticipated closing of a Qualified Financing or a Change of Control, and shall irrevocably direct that one hundred percent (100%) of the Principal then outstanding together with all accrued and unpaid Interest be paid to the Lender out of the proceeds of such transaction, concurrently with and as a condition of the closing thereof.

7. Prepayment. At any time and from time to time the Borrower may prepay all or any portion of the Principal, together with Interest accrued thereon to the date of prepayment, without notice, bonus or penalty of any kind. Any such prepayment shall be applied in accordance with Section 8.

[OPTIONAL / FOR NEGOTIATION — minimum yield: "Notwithstanding the foregoing, if the Borrower repays or prepays all or part of the Principal on or before the date that is three (3) months after the First Advance Date, the Lender shall nonetheless be entitled to receive three (3) months' Interest on the amount so repaid." 8. **Application of Payments.** Any amount paid in satisfaction of the indebtedness evidenced by this Note shall be applied firstly in satisfaction of any accrued and unpaid Interest which is then due and payable, and the remaining portion of such amount shall then be applied in satisfaction of the Principal outstanding hereunder.

9. **Ranking and Security.** This Note is a secured direct obligation of the Borrower secured as set out in this Section 9. No personal guarantee is given by any director, officer or shareholder of the Borrower.

As continuing collateral security for the payment and performance of all present and future obligations of the Borrower under this Note, the Borrower hereby grants to the Lender a security interest and, to the extent governed by the laws of the Province of Québec, a conventional hypothec without delivery, over the universality of the Borrower's present and future intellectual property, including all patents and patent applications, trademarks and trademark applications, trade names, copyrights, industrial designs, trade secrets, software, source code, databases and know-how, together with all licences, royalties, proceeds, indemnities and rights of action relating thereto (collectively, the "Charged IP"), for an amount of ONE MILLION TWO HUNDRED THOUSAND UNITED STATES DOLLARS (USD $1,200,000.00), with interest thereon at the rate of twenty percent (20%) per annum.

The security granted under this Section 9 ranks, and shall at all times rank, in SECOND RANK and priority, immediately after and subject to the security, hypothecs and charges held over the Charged IP by [NAME OF FIRST-RANKING SECURED LENDER] (the "Senior Security"), and ahead of all other security over the Charged IP. The Lender acknowledges the first-ranking priority of the Senior Security and agrees that its recourses against the Charged IP are subordinate to and shall not be exercised in a manner inconsistent with, the rights of the holder of the Senior Security.

The parties shall execute and deliver such further deeds of hypothec, security agreements, financing statements and registrations as are reasonably necessary to create, perfect, record and maintain the second-ranking security contemplated hereby, including registration at the Register of Personal and Movable Real Rights (RDPRM) in Québec and, where applicable, recordable with the Canadian Intellectual Property Office and the United States Patent and Trademark Office. The reasonable costs of such registrations shall be borne by [THE LENDER / THE BORROWER — TO CONFIRM]. Upon payment in full of all amounts owing under this Note, the Lender shall, at the Borrower's cost, promptly execute and register all discharges and releases required to release the Charged IP.

The Lender agrees that, upon the written request of the Borrower, it shall promptly execute and deliver a commercially reasonable postponement, subordination and standstill agreement in favour of any provider of the SBL Facility or of any other senior credit facility of the Borrower, provided that such agreement does not reduce the Principal or the Interest rate, does not extend the Maturity Date beyond the date set out in Section 6(a), and preserves the Lender's right to be repaid out of the proceeds of a Qualified Financing to the extent permitted by such senior lender, it being understood that the Lender shall retain its rank immediately following the Senior Security and the security granted in respect of the SBL Facility.

10. **Covenants.** So long as any amount remains outstanding hereunder, the Borrower shall: (a) apply the proceeds of the advances to working capital and general corporate purposes; (b) maintain its corporate existence and remain in good standing; (c) promptly notify the Lender in writing of the occurrence of any Event of Default; (d) upon the Lender's written request, provide the Lender with its most recent internally prepared financial statements, not more than twice per fiscal year; (e) not grant any security interest, hypothec or charge over all or substantially all of its assets or over the Charged IP in favour of any person other than (i) the holder of the Senior Security and any replacement or refinancing thereof, (ii) the provider of the SBL Facility or of any other senior credit facility, (iii) purchase-money security interests and capital leases incurred in the ordinary

course, and (iv) liens arising by operation of law, without the prior written consent of the Lender, such consent not to be unreasonably withheld or delayed; and (f) not sell, assign, transfer, exclusively licence or otherwise dispose of any material part of the Charged IP outside the ordinary course of business without the prior written consent of the Lender, such consent not to be unreasonably withheld or delayed.

11. Events of Default and Acceleration. Each of the following constitutes an "Event of Default": (a) failure by the Borrower to pay any amount due hereunder within five (5) Business Days of the date on which it is due; (b) failure by the Borrower to perform any other material covenant hereunder, which failure remains unremedied for fifteen (15) Business Days after written notice from the Lender; (c) any representation or warranty made by the Borrower herein proving to have been materially incorrect when made; (d) the Borrower becoming insolvent or bankrupt, making a proposal or assignment for the benefit of creditors, filing or becoming subject to proceedings under the Bankruptcy and Insolvency Act (Canada) or the Companies' Creditors Arrangement Act (Canada), or a receiver, trustee or liquidator being appointed over all or substantially all of its property and such appointment not being discharged within thirty (30) days; or (e) the Borrower ceasing to carry on its business; or (f) the holder of the Senior Security taking steps to realize upon or enforce the Senior Security against all or a material part of the Charged IP.

Upon the occurrence and during the continuance of an Event of Default, the entire unpaid balance of the Principal and all accrued and unpaid Interest shall, at the option of the Lender exercised by written notice to the Borrower, become immediately due and payable. From and after the occurrence of an Event of Default, and for so long as it continues, all overdue amounts shall bear interest at the rate of [SIXTEEN PERCENT (16%)] per annum, simple and non-compounding, in lieu of the rate set out in Section 3.

12. Taxes and Withholding. All payments made by the Borrower hereunder shall be made free and clear of, and without deduction or withholding for, any present or future taxes, unless such deduction or withholding is required by applicable law. The Lender represents and warrants that it deals at arm's length with the Borrower for the purposes of the Income Tax Act (Canada) and that the Interest payable hereunder is not "participating debt interest" as defined therein, with the result that no Canadian withholding tax is exigible on the Interest. If the Borrower is nonetheless required by law to deduct or withhold any amount in respect of Interest, the Borrower shall be entitled to make such deduction and to remit the amount so deducted to the relevant authority, and (i) the Borrower shall gross up the payment so that the Lender receives the amount it would have received absent such deduction, except that (ii) no such gross-up shall be payable where the withholding arises as a result of the Lender ceasing to deal at arm's length with the Borrower, of any assignment or participation by the Lender, or of any failure by the Lender to provide documentation reasonably requested by the Borrower.

13. Judgment Currency. Every monetary amount referred to herein is expressed in, and shall be payable in, lawful money of the United States of America. The obligation of the Borrower hereunder to make payments in United States dollars shall not be discharged or satisfied by any tender or recovery pursuant to any judgment expressed in or converted into any other currency except to the extent to which such tender or recovery results in the effective receipt by the Lender of the full amount in United States dollars so payable hereunder, and accordingly the obligation of the Borrower shall be enforceable as an alternative or additional cause of action for the purpose of recovery in United States dollars of the amount (if any) by which such effective receipt falls short of the full amount so payable hereunder, and shall not be affected by any judgment being obtained for any other sums due hereunder.

14. **Judgment Interest.** In the event that the Lender obtains judgment on this Note or in respect of any amount owing hereunder, Interest at the applicable rate provided herein, calculated annually and not in advance, shall be payable on the amount outstanding under such judgment from time to time.

15. **Non-Waiver.** The extension of the time for making any payment which is due and payable hereunder at any time or times, or the failure, delay or omission on the part of the Lender to exercise or enforce any of its rights or remedies hereunder, shall not constitute a waiver of the right of the Lender to enforce such rights and remedies thereafter.

16. **Notices and Demands.** Any demand or notice to be made or given in connection with this Note shall be in writing and shall be personally delivered to an officer or responsible representative of the Borrower or of the Lender, or sent by email, at or to the address or email address set out on the signature page hereof, or to such other address or email address as either party may from time to time designate to the other in accordance with this provision. Any demand or notice personally delivered shall be deemed to have been validly and effectively given on the date of delivery if such date is a Business Day and delivery was made during normal business hours of the recipient, failing which on the next following Business Day. Any demand or notice transmitted by email shall be deemed to have been validly and effectively given on the date of transmission if such date is a Business Day and transmission was made during normal business hours of the recipient, failing which on the next following Business Day.

17. **Amendments.** No amendment, modification or waiver of any provision of this Note, and no consent to any departure by the Borrower from any provision of this Note, is in any event effective unless agreed in writing and signed by both the Lender and the Borrower.

18. **Assignment.** This Note may not be negotiated, assigned, transferred, discounted, pledged or hypothecated by the Lender without the prior written consent of the Borrower. The Borrower may not assign its obligations hereunder without the prior written consent of the Lender.

19. **Compliance with Directions.** Subject to Section 18, the Lender may direct the Borrower to make any payment which is due and payable hereunder to any person, and the Borrower shall comply with such direction. The Borrower shall, upon the written demand of the Lender, confirm to any third party specified by the Lender that such direction has been received, the amount then outstanding, and that the Borrower has not been directed to make payments hereunder to any other person.

20. **Entire Agreement; Term Sheet Superseded.** This Note constitutes the entire agreement between the parties with respect to the loan evidenced hereby and supersedes and replaces, in its entirety, the term sheet entitled "Offering of a Non-Secured Convertible Debenture" between the Borrower (as Issuer) and the Lender (as Purchaser) executed on July 22, 2026 (the "Term Sheet"). The parties acknowledge and agree that no convertible debenture, subscription agreement or debenture certificate has been or will be issued pursuant to the Term Sheet, that the Term Sheet is hereby terminated and of no further force or effect, and that the Lender has no conversion right, equity right, warrant, valuation cap, discount or other right to acquire securities of the Borrower of any nature whatsoever. The parties further acknowledge that, notwithstanding the description of the offering in the Term Sheet as "non-secured", the indebtedness evidenced by this Note is secured as expressly provided in Section 9.

21. **Interpretation.** "Business Day" means any day other than a Saturday, a Sunday or a day that is a legal holiday or non-juridical day in Montréal, Québec or in London, United Kingdom. Section headings are for convenience only and do not affect interpretation.

22. **Time of the Essence.** Time shall in all respects be of the essence of this Note.

23. **Waiver of Benefits.** The Borrower hereby waives the benefits of division and discussion, demand and presentment for payment, notice of non-payment, protest and notice of protest of this Note.

24. **Severability.** If any provision of this Note is held to be invalid or unenforceable, such provision shall be severed and the remaining provisions shall continue in full force and effect.

25. **Applicable Law.** This Note shall be governed by and construed in accordance with the laws of the Province of Québec and the laws of Canada applicable therein. The parties agree that any action under or for the enforcement of this Note may be brought in the courts of competent jurisdiction in the judicial district of Montréal, and the parties attorn to the exclusive jurisdiction of those courts.

26. **Language.** The parties hereto acknowledge that they have required that this Note and all related documents be prepared in English. / Les parties reconnaissent avoir exigé que le présent billet et tous les documents connexes soient rédigés en anglais.

27. **Counterparts.** This Note may be executed by the parties by facsimile or electronic (PDF or electronic signature platform) means and in any number of separate counterparts, each such counterpart to be deemed an original and all such counterparts taken together to constitute one and the same instrument.

Good morning Andrew,

Further to our previous exchanges, we confirm that all final documentation for the initial USD 700,000 tranche, secured by a second-ranking charge over ActtraQ Inc.'s intellectual property, has now been fully executed by all parties. The transaction has therefore moved from negotiation into the disbursement phase.

In accordance with the agreed term sheet, the funds will be released by our banking partner in Luxembourg to our JPMorgan Chase account in the U.S., and we will then transfer the funds directly to ActtraQ's account in Montreal using the payment instructions on file.

As this involves international transfers and standard banking compliance and settlement procedures, we currently expect the full sequence to be completed within approximately 7–10 days. We will confirm with you as soon as the funds have been received in our U.S. account and the transfer to ActtraQ has been initiated.

In parallel, we continue to support ActtraQ's broader capital raise. Over the past 45 days, we have been working with ActtraQ and several banking partners to structure a multimillion-dollar financing, which we are targeting to conclude within the next 45 days.

We remain available should you require any further information or supporting documentation.

Sincerely,

Jeff

Good day Marcel and welcome back.

Thank you for following up.

We appreciate that you and the inspectors have been waiting for confirmation, and we apologize for the delay beyond the original timeframe.

The funding transaction remains active and is progressing. The delay relates to the issuance through Commerzbank and circumstances currently affecting the bank in connection with the ongoing UniCredit situation. We have been advised to anticipate approximately an additional two weeks for the issuance process to be completed.

At this time, we have no indication that the transaction itself is at risk. This is a timing issue rather than a change to the underlying funding commitment. We recognize, however, that this delay has consequences for parties who are waiting on the funds, and we are working to manage the process as closely as possible.

We will continue to keep you updated and will advise immediately once we have confirmation that the transaction has been issued and the funding process can proceed to completion.

Thank you for your patience and understanding.

Regards,

Jeff
